Editorial Index to Volume 218

January to December 1990

A

Automotive Steels
Developments in automotive sheet. Mar 118
Annual Review of European steelmaking. Aug 423

B

British Bright Bar, Company Profile
Turning to new markets. Aug 458

C

Cokemaking
Apocalypse Now: 3rd survey of western world cokemaking by Jonathan Aylen. Mar 120
Modernisation techniques to control pollution from coke oven batteries by H Toll Mar 122
To rebuild or repair - that is the question by Martyn Brown. Mar 126
Quality coke at Redcar. Mar 128
Automation at Rautaruukki coke plant. Mar 130

Computers in steel
Programmed sawing centre cuts costs. Jan 12
Integrated process control - a means to survive. Jan 15
Being SURE of your order. Jan 17
Plant capacity models define investment. Jan 18
Steelmaking control at BS Llanwern. Jan 21
Computer assisted training in steel. Jan 24
Computers in the warehouse. June 330

Condition monitoring
Defect analysis approach to condition based maintenance. July 382

Continuous Casting
Casting temperature control using a plasma tundish heater by Hans J Bebber. May 244
Quieter flow in the mould with an electromagnetic brake. May 246
Horizontal continuous casting plant for special steel grades. May 248
A tool for modernization - the modular compact caster by A Roehrig. May 252
Enhancement of RES billet caster - Eight years on - upgrading the caster at Rotherham Engineering Steels. May 254
Improving continuous casting at Sumitomo Metals. May 256
Vertical casting at Stocksbridge Engineering Steels. May 258
Experimental design of a new pouring tundish. May 270
Casting an eye on the future. July 380

Contracting out
Environmental benefits. July 358
On-site machining keeps steel plants up and running. July 361
Being civil to steel; It's experience that counts in steel plant contracting; Washing your hands of a cleaning task. July 362
Metal recovery and stabilisation of EAF dust. July 364
Safety by remote control - testing, training & authoritative support; Testing time for Telford's bridge. July 366

Cutting
Laser cutting can cut costs; Using an Imp to carry the torch; Flame and laser; Safe and scratch-free. Aug 468

D

Cold Forming
Flexible forming from fluid presses. Dec 676
A new CAL at Hoesch Stahl produces drawing grade steels and automated inspection. Dec 678
Cold formed steel in buildings. Mark Lawson of SCI reviews major developments and forecasts future practices. Dec 683

E

Eastern Europe
Opportunity or illusion? Nov 630

Electric steelmaking
Developments in EAF and LFs. July 368
Operational experience with spray cooled roofs in Europe. July 372
Fettling for electric arc furnaces. July 374
An integral shaft furnace for the EAF July 376; Lowering the heat on the Veldt. July 376

Energy
Energy efficiency best practice. Feb 94
Ten million reasons to save energy. Aug 461

European File by Peter Wood
Jan 10, Feb 58, Mar 114, Apr 174, May 234, June 292, July 354, Aug 418, Sept 476, Oct 540, Nov 602, Dec 656

F

Forging
Forgemaster Engineering - a new era. June 310
Material development in forged turbine shafts. June 312
Specialists in nuclear and hollow forgings - CLI. June 316
Hoogovens mill turns to forging. June 319

Future is Ferrous
Technology is our future. Sept 496
Plastic and the automobile body. Sept 498
Bessemer's strip caster. Sept 500
Japanese steel: Innovations in manufacture and application. Sept 502
Fight for markets. Sept 504
Clad tidings from Wales. Sept 506
Coming back for more: Steel can recycling in USA. Sept 508
Steel comes in on the tide by Dr Colin J Billington. Sept 510
Constructing for the future with CIM; Can plastics challenge steel's supremacy? Sept 511

G

Germany - Country Profile
Germany's production sites. Dec 660
Economic outlook for German steel. Dec 661
Dillinger-Saarstahl: A marriage for profit. Dec 664
Thyssen Edelstahl: A first for bottom tapping and VOD. Dec 666
Venture Pressing - shaping future practices. Dec 686
Mannesmannöhren-Werke: The founder of the seamless tube. Dec 668
Thyssen Stahl: A green future for Germany's largest steelmaker. Dec 670
Mannstaedt-Werke: A British Steel name for old traditions. Dec 671
Hoesch Stahl: A future in flats Special steels emerge in restructed Company. Dec 672
Gröditzer Stahlwerke GmbH: A portrait of the company. Dec 673
Krupp Stahl: The special steel producer. Dec 675

I

Iraq
The sword or the plough - A European connection to Iraq's Taji project. Aug 444

Ironmaking
State of the art at Kwangynag No 4 by M G Eden et al. Feb 81
Investigating pulverised coal injection with oxygen at NKK; Oxy-coal injection to cut coke consumption by half. Feb 83
Smelting reduction processes carve out an ironmaking niche by Jacques Astier. Feb 84
Techniques for improving blast furnace productivity at British Steel. Feb 87

IISI Annual Report
Consumption and capacity forecasts complicated by world economics and politics. Dec 652

Italy - Country Profile
Ilva: A new state for State industry. Nov 618
Arvedi: The thin slab tube maker. Nov 620
Italian supplier takes a growing niche. Nov 626

K

Know Your Steel by Derek Hawkins
Case hardening and nitriding (Part 12). Jan 44
An introduction to steel Standards by Mike A Clarke (part 13) Mar 161
An introduction to steel Standards by Mike A Clarke (part 14) Apr 221
Supplement reprint of all 14 articles. Dec

L

Ladle Metallurgy
Quality and economic advantages of ladle treatments. Oct 544
Start-up experience of a CAS-OB unit at British Steel Port Talbot by E G Bradley *et al.* Oct 550
Induction stirring for ladle furnace - a cost analysis by Magnus Eidem *et al* Oct 554
Cost and quality gains with ladle treatments. Oct 557

M

Maintenance
Condition monitoring in action at Arbed works. X Mitten *et al* Apr 205

Melting Pot by Keith Gale
Iron objects from the beach, Clogs in steelworks - walking on the pigs. Jan 42
Forth Bridge - 100; Llanwern's open hearth; The Runner-Round. Feb 93
More about metal mixers; Inventors who failed: Green steel again. Mar 159
Steelmaking ends in Black Country. Apr 214
Steel on view; Nature in the ironworks; High speed bridging. May 276
Centenary of steelmaking at Scunthorpe; A new home for an old hammer; How old is 'old'? June 324
Things are not always what they seem; On getting the sack; Recycle it. July 386
An old process remembered. Aug 462
Pig bed working; Lip or bottom pour? Some mispronunciations. Sept 515
Tonnes, tons, or what, Cracking the slag. Oct 572
Weldless or seamless? Selling nails by numbers; Calculating weights. Nov 634
Which way do the rolls rotate: A woman iron 'Master'. Dec 687

Metrology
Plan-view measurement of plate patterns. Feb 39
Position fixing by telemetry finds multiple applications. Feb 90
Non-contact length measurement in harsh environments; Optical method for sinter measurement; Ultrasonic thickness measurement for production monitoring and control. Feb 91
Length measurement system for fast-moving steel sections. Mohsen Abdollahi. Apr 210

N

New Ironmaking practice
No coke, no sinter, no pollution - is Corex the answer? Mar 138

O

Oxygen Steelmaking Supplement (May)
Combined blowing for higher quality. Joseph K Stone *et al* P1
Quality and performance improvements in BOS shops. P2
New oxygen steel melt shop for Durgapur. W Hamann. P4
Ferro-alloy producers meet steelmakers' demands. N C Morrison *et al* P6
Modernisation of Voest-Alpine's LD-3 plant in Linz. Manfred Eysn. P8
Survey of LD steelmaking capacity. Joseph K Stone and E Michaeli's. P12
Developments in BOS and ladle steelmaking at British Steel. P15
Packages for secondary steelmaking. P17
BOF refractory lining wear control at Raahe. Juha Mikkola. P18
Improving efficiency by integrated process control. P20

Editorial Index to Volume 218

January to December 1990

N

New Ironmaking practice
No coke, no sinter, no pollution - is Corex the answer? Mar 138

O

Oxygen Steelmaking Supplement (May)
Combined blowing for higher quality. Joseph K Stone *et al* P1
Quality and performance improvements in BOS shops. P2
New oxygen steel melt shop for Durgapur. W Hamann. P4
Ferro-alloy producers meet steelmakers' demands. N C Morrison *et al* P6
Modernisation of Voest-Alpine's LD-3 plant in Linz. Manfred Eysn. P8
Survey of LD steelmaking capacity. Joseph K Stone and E Michaeli's. P12
Developments in BOS and ladle steelmaking at British Steel. P15
Packages for secondary steelmaking. P17
BOF refractory lining wear control at Raahe. Juha Mikkola. P18
Improving efficiency by integrated process control. P20

Improvements in methods of slag inclusion control. P21
Blowing more than oxygen; Robots for rapid refractory repair; Cleaner steels with taphole valve. P23

P
Phosphorus in steel
Phosphorus in iron and steel - Report of The Institute of Metals Seminar. June 323

Plantmakers
Danieli - Worldwide metallurgy. June 296
ABB - A Master of metallurgy. June 298
Davy McKee - An expanding future. June 300
Concast Standards - Billet and bloom; OSC Process Engineering Ltd. June 301
Leybold - A vacuum in space; Stein Atkinson Stordy - New for old. June 303
Man GHH - 200 years in steel; Ebner - Hydrogen rises to the job. June 305
Consarc - a world of vacuum furnace technology; SIMAC - Using CAD to roll bar; Friedrich Kocks - Sizing up the future. June 307
Voest-Alpine - The founder of the LD; Vacmetal - Cutting steel reheat costs; Salem Herr-Voss - Processing lines. June 309

Product tracking
Product tracking and potential use of automatic identification. Tim Palmer. May 271
Traceability of rebar for contractor confidence. May 274

Process Lines
Cross-cutting, slitting and coiling at Baoshan Works, China. Mar 149
Turbulence pickling lines optimise the process. Mar 150
Wrapping up at Inland Steel. Mar 153
Enclosed acid wave pickling of wire. Mar 154
Multi-roll shape leveller. Mar 156
Softening and descaling line automation for BS Stainless. Mar 156

Q
Quality checking for Stockholders
Lye Spencer - a new venture with Venture Pressings. Dec 693
Firsteel monitoring puts customer's minds at rest. Dec 694
MPI line inspection. Dec 694

R
Refractories
Buyers Guide. Mar 143
Ceramic welding - the refractory life support system. Jim Smart. June 321
Recent trends in refractory linings for oxygen converters. June 326
Steel fibres can improve refractory performance. June 328
Ceramic fibres insulate to 1600°C. June 330
Strong arm refractory wrecking. June 330

Rod and Wire
Hot wire inspection using eddy currents. Manfred Tietze. Apr 194
Trends in wire materials for the fastener industry. David Thorpe. Apr 200
Unimetal concentrates on quality at Gandrange. Apr 202
Direct casting of steel wire in Sweden. Apr 203

Rolling
Roll materials for profile mills. Sept 482
A new concept of tension control for strip lines; Laser shows the way to measure. Sept 486
Plant selection for hot strip mill upgrading: Prevention of heat loss using panels. Sept 489
Taking a look at cropping. Sept 490
Temperature control systems at Raritan River; Greater computer power - powers hot mill. Sept 492
Temperature sensing for flatness. Sept 494

S
Safety
Danger - noise at work! How noise can damage your health. May 261
Putting safety first at Sheerness Steel. May 262
Suffering from flue? It could be fume fever. May 264
A new postgraduate safety programme at Sheffield University. May 267
Fire free hydraulics for ladle furnace. May 270

Service Centre
Prospects for service centres in the 90s. Jan 46
Specialist stocking: Feb 98
Expansion and development for Lee Steel Stockholders. Feb 100
Hall & Pickles the English Midlands. Feb 102
Overhead cranes give the light touch. Apr 216
EC approves Walker takeover. June 337
Washington-Japanese jv in UK. July 400
Uncertain future for stockholding. Aug 467
JIT and the Stockholder by Joe Booth. Oct 578
Coil processing for Nissan Motors: Krupp's sawing centre meets JIT demand. Oct 580
JIT delivery across the Channel. Oct 582

Sheerness Steel, Company Profile
Britain's mini-mill in the south . May 242

Special Melted Products, Company Profile
Making clean steels and alloys. Jan 26

Stainless steel
Reduced life cycle costs - neglected arguments for stainless steel. Roland Kiessling. Jan 29
Stainless clad bar in Wales. Jan 34
Influence of AOD process on the production of stainless steel. Ian F Masterson *et al* Jan 38
Duplex plates improve cost efficiency and performance. Jan 41
UK industry fails to respond to stainless. Jan 41

Steelmakers' Laboratory
Software takes the strain out of stress. Apr 179
Developments in automation for spectrographic and IPC analysis at Rotherham Engineering Steels. J Hacon. Apr 182
Calibrating atomic absorption spectrophotometry for steel analysis. Apr 186
A new concept in steelmaking chemistry control. J L Spencer. Apr 188
Micro not micrometer in mechanical testing. Apr 190
Automation of sample transport. Dr F T Homä *et al* Apr 191

Stockholding in Europe
An international business. July 393
A increased share of a falling market; British stockholding and the single market. July 394
New pressures mean new opportunities; A society for Europe's stockholders. July 396
Times are changimg. S MacDonald. July 398

Strain analysis
The neutron strain scanner: a new analytical tool for engineers. Dr Peter J Webster. June 321

Surface Inspection
In-line ultrasonic inspection - evolution and future developments. Steve Williams. Nov 606
Inspecting hot and cold mill strip top and bottom. Nov 607
Checking wire and bar on-line. Nov 610
High speed inspection and classification. Nov 612
Hot inspection of continuous cast slab. Nov 614
A new generation surface inspection system at Rautaruukki. Nov 616

T
Temperature measurement
Temperature distribution monitoring in coke ovens. R Franssen *et al* Aug 446
Condition monitoring by thermography. Aug 449
Simple IR installation avoids loss of production for BS Stainless. Aug 453
Non-contact temperature measurement in the steel industry. Aug 454
Infrared thermometer eliminates operator judgement; Multifunction calibrator. Aug 456

Training
Training for profit at Sheerness Steel. Sept 512

Tubemaking
Fastest tube mill in the West (Bromwich). Feb 96

U
UK Independent Steelmakers
President's address - BISPA AGM - Best year in a decade. Feb 63
United Engineering Steels - Investing in the group. Feb 68
British Ropes Limited - Feb 70
R W Carr - New melting shop for 90s. Feb 70
TWIL goes European; Spencer Clark Metal Industries. T W Pearson; Firsteel Group; United Merchant Bar; Spartan Sheffield. Feb 74
Sheffield Forgemasters - Well placed for success in the 1990s; Martins (Dundyvan) Ltd. Rolling into the 90s with new finishing mill. Feb76
Investment schemes completed or projected by BISPA members in 1989. Feb 78
British Rolling Mills - into the 90s with Firsteel; Brasway Connecting with Hydraulics. Feb 78
Unbrako Steel - Independence from US; Arthur Lee Group - Profits up 30%. Feb 80

W
Waste Management
Big changes in UK waste regulations: the steel industry's new duty of care by Duncan Laurence. Mar 133

Weighing
Enhancing weighing systems in the steel industry. Peter Dover. Oct 559
Improving mill yield by continuous billet weighing. Oct 562
Keeping belt weighers in tune. Oct 556
Intelligent in-motion weighing of rail cars: Torpedo weighing in-motion. Oct 568
Weighing the Llanwern way. Nov 629
